FLOS Capital invests in real estate Fin-Tech start-up

FLOS Capital Real Estate AG has closed its investment as co-shareholder and strategical partner into a Swiss real estate Fin-Tech Start-Up. The business elaborates on a new digital investment platform for commercial real estate backed by blockchain, smart contracts and tokenization technologies together with user friendly interfaces.

“This engagement helps drive innovation forward at our firm and positions FLOS Capital to stay at the forefront of digital change. We also believe that with our +25 years of deep industry experience, we can be a contributor to the company’s success alongside its founders and management team. This partnership allows us to profit from higher scalability, transparency and efficiency on future deal activities based on the automatization of transaction and investment funding processes” says Clemens Stockhammer, MD of FLOS Capital.

FLOS Capital Real Estate AG

Flos Capital is an independent investment and asset management specialist that brings together foreign capital with local investment schemes in Germany, Austria and Switzerland. Flos Capital thereby concentrates on selected off-market opportunities in the logistic, office and hotel sector and cherry picks quality products in a highly efficient, free of conflict, cost-saving and flexible manner. The business was founded in 2014 and has successfully cooperated with global top-tier investors on off-market transactions, asset management and exit strategy/realization worth > € 500 m.

At Flos Capital, each assignment enjoys senior level attention and is facilitated by multilingual background and knowledge of foreign business practices. More information is available at www.floscap.com
